

**COMMUNITY ENGAGEMENT AT WILCOX OIL COMPANY SUPERFUND SITE:** On March 24 and 25, 2015, EPA and ODEQ met with residents that live on and near the Wilcox Oil Company Superfund Site. During these one-on-one discussions, we learned about the residents' concerns, answered questions about the site history and operation, and provided information about the site as well as the Superfund process. In addition, residents concerned about their property were asked if they were interested in having their yard sampled. We have four committed residents, and 4 additional residents we need to talk with further. We are in the process of planning and scheduling the residential sampling. **John Meyer, 214-665-6742.**
